BOILING TOPS

TOP PERFORMANCE,
QUALITY AND
FLEXIBILITY.

High quality and long-lasting

All units are constructed from AISI 304 grade stainless steel and a highly efficient and powerful 31Mj single ring burner that readily meets the requirements of a demanding kitchen.

Reliable performance and efficiency

All units feature a heavy-duty European made vitreous enamelled trivet with extended fingers that allow for smaller pots and large to be used in operation. Each burner is fitted with a multi-setting gas valve, enabling enhanced flame regulation.

Flexibility

Boiling Tops can be combined with our B+S Black Grill Plate, Char Broiler or Target Top sections, adapting to any kitchen's demands and requirements.

Easy maintenance

Maintenance is made easy through frontal access to all components. Additionally, the metal trays are easy to remove and are dishwasher friendly.

24
MONTH
WARRANTY

Two ignition options

- **Flame failure** — fitted as standard — operates with a thermocouple only
- **Pilot take-off** — optional feature — thermocouple with a pilot light for quicker and more convenient burner ignition

Spillage tray

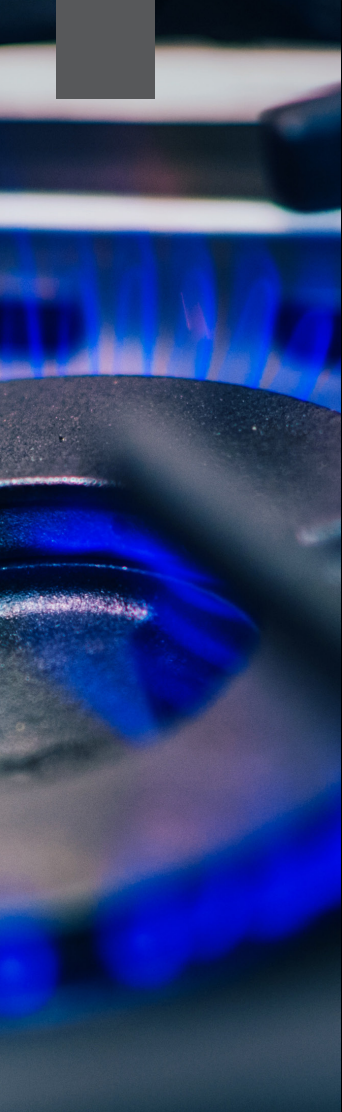

- Metal spillage tray is thick and durable
- Easy to remove
- Dishwasher friendly
- Protects burners and componentry underneath it, making the unit last long
